

# Efficient multiplication

1 The children of Class 4 are multiplying  $28 \times 4$  mentally. They are trying two different methods.

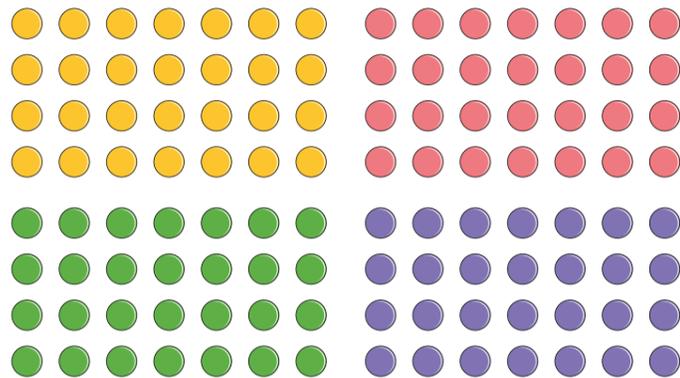

a) Complete their calculations.

**Method 1**

$$20 \times 4 + 8 \times 4 = \square + \square = \square$$

**Method 2**

$$4 \times \square = \square$$

b) Which method do you find easier?

Talk about it with a partner.

c) What other methods could you use to work out  $28 \times 4$ ?

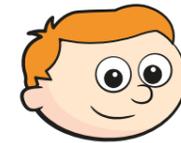

---

---

2 Ron, Amir and Annie have worked out  $35 \times 6$  in different ways.

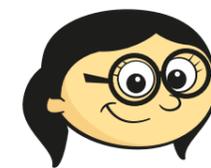

Ron

I multiplied 30 by 6 and then added 5 more lots of 6

I multiplied 35 by 2, then multiplied that answer by 3

Amir

Annie

I multiplied 5 by 6, then multiplied that answer by 7

a) Work out the answer using each method to show that they are all correct.

Ron

Amir

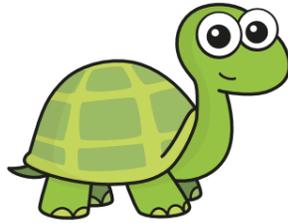

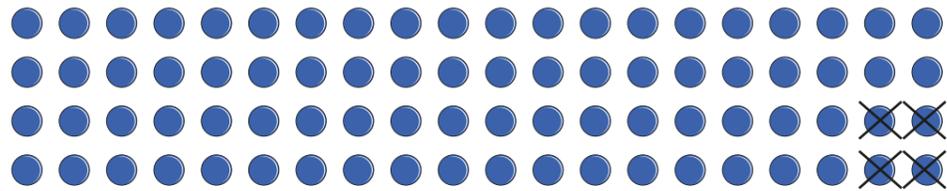

Annie

b) Who has used the most efficient method?

Talk about it with a partner.

3 Tiny is working out  $21 \times 4$

$$\begin{aligned} 20 \times 4 &= 80 \\ 80 - 4 &= 76 \\ 21 \times 4 &= 76 \end{aligned}$$

a) What mistake has Tiny made?

\_\_\_\_\_

b) What is the correct answer?

4 Jack has worked out  $36 \times 9$

$$\begin{aligned} 36 \times 9 \\ 36 \times (10 - 1) \\ 360 - 36 &= 324 \end{aligned}$$

a) Use Jack's method to work out  $28 \times 9$

$$28 \times 9 = \boxed{\phantom{000}}$$

b) Adapt Jack's method to work out  $36 \times 99$

$$36 \times 99 = \boxed{\phantom{0000}}$$

5 Esther has found a quick way to multiply 84 by 5

$$\begin{aligned} 84 \times 5 \\ 84 \times 10 &= 840 \\ \text{(then divide by 2)} &\text{ which is } 420 \end{aligned}$$

Use Esther's method to complete the calculations.

a)  $43 \times 5 = \boxed{\phantom{000}}$

c)  $74 \times 5 = \boxed{\phantom{000}}$

b)  $62 \times 5 = \boxed{\phantom{000}}$

d)  $\boxed{\phantom{000}} = 96 \times 5$

6 Tommy and Dora are both working out  $25 \times 8$

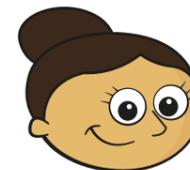

a)

$$25 \times 8 = 25 \times 10 - 25 \times 2$$

Use Tommy's method to work out the answer.

b)

$$25 \times 8 = 50 \times 8 \div 2$$

Use Dora's method to work out the answer.

c) Whose method do you prefer?

\_\_\_\_\_

Why?
