We have had an exciting start to this half term in Joshua Class. We have been visited by Zog the dragon who laid eggs in school and left his doctor's kit. He also left each of the children an egg to look after. There have been some amazing ideas on how to keep their own egg safe and happy.

Some of the children built beds and houses to keep their eggs warm. They used scissors to cut out their designs and attached the parts using a variety of methods. Some of the children had clever ideas, like creating windows for sunlight!

Some of the children built a castle for their eggs a out of blocks and enjoyed using our loose parts to build turrets, drawbridges, and battlements. We also discussed giving the egg a healthy diet and making sure it had regular exercise!

We have been seeing who can build the tallest tower and discussing how to measure the biggest and smallest. We are also turning the role play area into the Joshua Class Castle. So far, we have made shields and stone walls. The children are designing their own castles so the classroom will be transformed over the coming weeks!

Great teamwork Joshua class!
